Narratives

Statement of Facts

On the listed date and time, person number 1 had person number 2 in their home for a ministry program, where a minister stays in the home, joins them for dinner, then joins them for church on Sunday. Person 1 informed me on 12/12/2025 that during the period that person 2 had stayed in her home, he had been making strange advances to her 12 year old son. She advised that person number 2 had been essentially messing with her son by putting his arm around him numerous times, almost like a light choke hold. Her son told him to stop, and was tired of it, calling him a bully. Afterwards, person 2 was making for advances asking "Can I bully you?" numerous times. Person number 1 began feeling uncomfortable with the situation, and had her son stay in her and her husbands room for the night due to person number 2 staying over. The next day, 12/04/2025, person 1 had left for work, while her husband and son were at home with person 2. Her husband advised that he had also seen the incident occur, as well as other who came by later for a get together and supper. She advised person 2 had left the following day, but had a strange feeling so she wanted to make an informational report for documentation purposes. She advised that she did not have any other identifiers for person 2 besides his first and last name, a possible address (7070 E Baldwin, Grand Blanc, MI, 48439) and a possible birth year (1964). I advised to consult an attorney and civil for the possibility of a restraining order, and advised to report if he did come back to their residence.
